Dear Parent/Guardian:

The Vision Screener will soon be visiting your child's school to carry out routine vision checks. This is part of the Healthy Child screening programme.

Your child's eyes will be checked unless you stated on your child's health questionnaire. This was completed at the start of the school year. If you have not completed this form and you **do not** wish for your child to be tested, please fill in the e-consent on the questionaire, or let school office know.

Please do not hesitate to contact the Community Eye Service on the number above if you would like any further information or have concerns about your child's eyes or vision. This will be the only opportunity to have your child's sight checked in school.

You will receive a pass/fail letter once your child has been tested with follow on advice,

Yours faithfully,

Alison Wilson
Community Eye Service Coordinator
